MAREK HAS CHANGED MY LIFE

"Marek has changed my life. Without sounding cliché. I do everything I'm told and my life and my wife's life have only gotten better. The coaches and doctors are honest they aren't here to just sell you a prescription they are trained in preventative care not just reactionary. I tried for 8 years to get my hormones taken care of and was shamed for wanting to get on trt. Then I found Marek and I haven't looked back.. "

— Jeffrey Hill

HERE'S HOW THE PROCESS WORKS:

STEP 1: ORDER YOUR LABS

Go to MarekHealth.com/coach and enter the code we provide for you.

Fill out the Health History Questionnaire and receive your lab requisition form in your email within 24 business hours (check your spam).

Find the nearest diagnostic center in your area and schedule an appointment to get your blood drawn.

Within 7-14 days, Marek Health will send you a copy of your results along with a link to schedule your review.

If you have any questions PRIOR to your lab review, email Ian Ostrosky at Coaching@MarekHealth.com. He will ensure things run as smoothly as possible.

STEP 2: YOUR REVIEW AND RECOMMENDATIONS

Meet with your Health Coach via video call to go over your lab review written by our Director of Patient Care. Take a deep dive into your diagnostics test results and discuss symptoms and physical, mental, and sexual goals. Your new medical team will provide optimization recommendations with actionable solutions.

STEP 3: MEDICAL PROVIDER CONSULT

OPTIONAL

One of Marek Health's licensed partnered providers will meet with you via video conference to discuss your results in detail, answer questions in real time, and formulate a customized treatment plan. Treatments will be sent directly to your door once your treatment plan is finalized and approved.

STEP 4: OUTSIDE THE BOX SOLUTIONS

Participate in monthly check-ins with your health success team at Marek to share your progress, ask your questions and address any roadblocks you may face.

FREQUENTLY ASKED QUESTIONS

1. WHAT DOES MY REVIEW INCLUDE?

A 45-minute video conference to review your lab results with actionable steps to improve your health and performance. You will have the CHOICE to receive potential prescription treatment options, over-the-counter supplementation, and lifestyle changes.

NOTE: Your Health Coach is NOT a Medical Provider. The analysis is limited within their scope. You will have the option to meet with a Medical Provider via Zoom for an additional \$250 if you choose.

2. DOES MAREK HEALTH ACCEPT HEALTH INSURANCE?

Marek Health does not communicate with health insurance companies for any of our services, even though the overall health of our clients is tremendously enhanced, and they experience a better quality of life. Many health insurance providers don't see it this way and consider our services elective.

Marek Health is a direct-pay service and does not seek reimbursement from insurance providers. However, many customers have successfully used FSA or HSA means of payment. Marek Health can provide copies of invoices and lab requisitions as needed.

3. WHAT DOES THE REFERRAL NETWORK INCLUDE?

If you opt-in for the \$250 Provider consultation, you will receive premium concierge service. With your personal Marek Health Coach, you'll have regular check-ins, an annual Medical Provider consultation, and potential prescription treatments shipped directly to your door. You will have officially joined the Marek Community.

4. HOW DO I GET MY PRESCRIPTION?

All treatment is compounded in the US and conveniently sent directly to your door.

Please direct all inquiries regarding your care through Marek Health to your designated Health Coach. This includes questions regarding bloodwork, supplementation, protocols, medications, treatments, and shipping/tracking. Due to HIPAA guidelines, I cannot act as an intermediary between you and your medical team at Marek Health.
