HOW TO GET STARTED

KARATE:

2 Class Introductory Program for Karate: Only \$19.95
Our Karate Programs for adults and children start with our Introductory Program. It is very important that you have a representative experience of our classes before you make a commitment, even in purchasing a uniform! Our Intro Classes are made up of one semi-private Lesson with the Chief Instructor, where you get to know us and our teaching style and earn your white belt. There is a complete outline of what you or your child will learn. The second Intro class will be an actual group class in your age group and at the time of your regular class.

KRAV MAGA:

We offer a totally FREE Trial Class to get started.
If you enjoyed the class and want to continue to learn real-world self-defense for your personal and family safety, please stay after the class for a chat to get the details of our program and also get amazing discounts! You will get 15% off all your required protective gear and uniform and also 50% off of your one-time registration Fee.
